DAY ONE 10am - 4pm

- Learn some simple sketching and mark making techniques
- Spend time outside the venue learning how to make working sketches which we will use as a basis for our printmaking.

This part of the day will be spent outside so please bare that in mind if the weather is chilly or hot. If the weather is very bad we will spend this section of the workshop sketching found objects in the venue.

- After lunch we will split into two groups.
- Group One will spend the afternoon exploring black and white line design employing block printing and lino cut using our sketches as a starting point.
- Group Two will be learning about shape and colour using simple screen printing methods; again using our morning sketches.

DAY TWO 10am - 4pm

- In the morning the groups will swap and work as previous afternoon.
- After lunch we will spend the afternoon finishing off our editions and participants can spend more time on any aspect that they want to including sketching and we will look at how to mount and present prints to show them at their best.

Cost for two days £90
